民國 110 年春季班

隨堂考（民 110 年 3 月 3 日）

Open-book, open-internet, no discussion

姓名：_____ 系所：_____ 學號：_____

1. There are many failures of Mars landers. Please write down such an event and explain it as vividly as possible. Then write down your theory how this failure could be related to software errors.

2. Please explain who Grace Hopper is and her story in software bug.

3. Please explain the four activities in a test session.

5. Why it is not recommended to use the same people in both test design and test automation ?
